***Rental* announces 2018 Editor's Choice Award winners**

Fort Atkinson, WI (October 15, 2018) – *Rental* magazine unveils the top 25 construction products of 2018, based on part on interest from end-users and readers.

The **2018 *Rental* Editor's Choice Awards** represent the equipment rental industry's best products gaining interest from end-users and rental professionals alike. Winners were chosen by *Rental's* editorial team based on several different factors, including innovation, utility for the rental market, as well as audience engagement on ForConstructionPros.com/Rental.

"We're very pleased to announce the 2018 Editor's Choice Award winners. As always, this year's winners represent both products which are truly innovative as well as some that are tried-and-true rental workhorses," says Jenny Lescohier, editor of *Rental*. "In addition, our winners are products in which construction professionals have shown active interest on ForConstructionPros.com, so it follows they'll be looking for them at their preferred rental source. We're excited to offer this useful insight to our readers."

Rental, produced by AC Business Media, congratulates the following companies and products identified as the **2018 Editor's Choice Awards**. Additional information on the winning products can be found in the October/November issue of *Rental*.
