

WHITE PAPER PROGRAM

White papers, technical papers and case studies are great ways to highlight your capabilities as a solution provider. Demonstrating how your technology can be integrated into a vehicle design to achieve higher productivity and efficiency is the most powerful message our audience can hear.

Use White Papers to Educate our Audience about:

- Your technology solutions
- Your commitments to R&D with OEM partners
- Your dedication to continual design improvement
- Your ability to create custom solutions for unique customer applications

Program Components:

Digital Only: \$2,750 net

- Gated white paper featured on OEMOffHighway.com and available for download
